# BACHELOR OF EDUCATION

*(This degree was granted following the establishment of the School of Education in 1916, but teacher-training had been carried on at Brown long before by arrangement with the State of Rhode Island and certain communities, notably the City of Providence. No new candidates for the degree were admitted after the year 1928-1929, and the last degrees were granted in 1935. Listed below are all registrants in Education courses with indication of degree for recipients and years of attendance for others.)*

# THE VETERANS COLLEGE

*(The title Veterans College was adopted in November, 1946, in recognition of the gratifying work done in the new Veterans Extension Division. The Division provided for the needs of Veterans of World War II who were not wholly eligible to enter the undergraduate Colleges through the usual channels. Many students, who subsequently were transferred to The College or to Pembroke College, are listed there rather than in the following roster.)*

# PRE-METEOROLOGICAL PROGRAM

*(In the third semester of the academic year 1942-1943 the United States Army Air Forces Technical Training Command established the 58th Army Air Forces Technical Training Detachment at Brown to prepare men to enter the Army Meteorological Programs as advanced candidates for weather officer commissions. The first, or "B" unit, was graduated September 18, 1943, after an intensive six-month course. Later groups ("C" units) followed a twelve-month program, the first beginning in May, 1943.)*

# UNIVERSITY HONORS

## Rosenberger Medal

*The Susan Colver Rosenberger Medal is generally regarded as the highest honor within the power of Brown University to confer. It is awarded by designation of the Faculty. The Medal was provided for in 1919 by Jesse L. Rosenberger as a memorial to his wife, with the suggestion that it be used to recognize "specially notable or beneficial achievement in scholarship, in authorship, in public life of any kind, or relating to the advancement of the public welfare. . . ." The recipients and years of the award are here listed:*

\*KEEN William Williams 1925.  
\*HUGHES Charles Evans 1928.  
ROCKEFELLER John Davison Jr 1931.

## “Ad Eundem” Degrees

*By vote of the Board of Fellows the University from time to time confers the degree of “Master of Arts ad eundem” upon those of its Faculty who are “full” Professors (or upon Administrative Officers of equivalent rank) when such individuals hold no other Brown degree. This compliment adds their names to the alumni rolls.*

## Honorary Degrees, 1891-1934

## (A NECROLOGY)

*The following is a list of those recipients of Brown University honorary degrees before 1935 who died in the period between the publication of the 1934 Edition of the Historical Catalogue and the preparation of the 1950 Edition. Since this volume would otherwise cite only those who received honorary degrees between 1935 and 1950, the following necrology is designed to provide supplementary information about individuals listed on pages 1155-1191 of the 1934 Edition. To avoid needless repetition, we do not list alumni whose deaths are recorded elsewhere in this volume. Numeral following name indicates year of award by Brown. Date is that of death.*

# Geographical Index

The Geographical Index, a new feature of the 1950 Historical Catalogue, includes most living Brunonians of known address. We have, however, omitted those in the following categories: 1. Members of the Faculty, since their location in the Providence area is understood. 2. Holders of honorary degrees. 3. Members of the Classes of 1950-1953. 4. Former students in the Veterans College and members of the Army units of World War II, since they were without undergraduate status.

The order of names within a community grouping is determined by the year of degree seniority of the individual's Class. Where a graduate has two or more Brown degrees, only the first is taken into consideration in this section.

Numerals after names indicate Class affiliation or year of degree. The individual is to be presumed an alumnus of The College unless his numeral is accompanied by one of the following symbols: "P" for Pembroke alumna; "a" for holder of advanced degree; "gs" for graduate student without degree from Brown. "w" is added to the last two symbols when the individual is a woman.

# THE GENERAL INDEX

**T**HIS ALPHABETICAL INDEX includes all names which appear in this or previous Editions of the Historical Catalogue of Brown University, together with clues as to the location of data. After most names there will be found one or more page references, with further key as to the category in which the individual entries appear. Where a dagger is used instead of a page numeral, the reader is referred to the 1934 Edition for entries not repeated in this 1950 book. (The basis for inclusion is explained in the Introduction to this Edition.)

The list of identifying abbreviations and symbols is as follows:

†—Record appears in 1934 Edition.	gs—graduate student at Brown.
a—Brown advanced degree.	h—Brown honorary degree.
ad—Brown administrative officer.	m—Brown medical degree.
al—alumni or alumnae officer.	P—Pembroke College (student or alumna).
c—Brown corporation member.	pm—Brown pre-meteorological student.
cl—member of Brown Class.	v—Brown Veterans College student.
ed—School of Education.	w—woman student.
er—errata in previous Editions.	
f—Brown officer of instruction.	

Where the Class numeral is given without other symbol, it identifies a man as an alumnus or student of The College. Members of the Classes of 1951, 1952, and 1953 at Brown and Pembroke do not appear in this or the geographical indexes, although they are included in the appropriate Class lists.
